## What is Arts Award?

Arts Award supports young people to develop as **artists** and **arts leaders**. It is designed to inspire children and young people aged up to 25 to enjoy the arts, offering the chance to develop **creativity, communication** and **leadership skills**, and get recognised through national qualifications.

**Arts Award Explore** is for children and young people aged 7+. It gives them the opportunity to explore the arts in four sections:

- **Part A: Inspire** - take part in online arts activities that inspire you to be creative, such as our 'Composing Activities for Children'
- **Part B: Explore** - explore BCMG's website, online resources and find out more about other Arts organisations
- **Part C: Create** - create music to demonstrate their arts skills and creativity through our *Creating Music at Home* activities
- **Part D: Present** – reflect on your Arts Award experience and share your work with others.

## Your Arts Award Explore Logbook

To help record your Arts Award we have created this logbook for you to complete. Fill in each section as you go. Once you have completed sections A, B and C you can share your logbook remotely with a member of the learning team, via social media or with someone at home – sharing your Arts Award logbook and writing about the experience will complete the final section. You can complete you Arts Award Explore:

- Online
- Whilst at home
- With or without an instrument
- By yourself
- With others in your household
- Without having been to one of our workshops
- With support from BCMG's learning team

To help you complete your Arts Award Explore, the appendices in the back of this book contain lists of other Arts Organisation and their websites, online arts activities and useful software and apps you may like to use to help record anything you create.

We will be available to offer support throughout.
