

unison

All play the same bird shape but not necessarily with the same notes.

orchestrate

Divide up one bird shape and decide which instrument(s) plays which bit.

sequence

Using some or all of your bird shapes, order them to make a sequence. You can repeat them and have more than one person playing each shape.

4 + 1

4 people play one bird shape together and 1 person plays a different one.

heterophonic

Everyone plays at the same time using the same bird shape but creates different variations of it.

polyphonic

Lots of different bird shapes. Use more than one bird shape at a time to create a texture.
